716 N 61st St., Seattle, WA 98103 huav@redefinemag.com (206) 579-2637

recent employment

> TRENDI, LLC

Creative Director May 2007 - July 2008

- Developing and designing a fashion website using HTML, CSS, and graphics programs (www.trendi.com).
- Directing members of the development team to further the website's mission statement and design.

> SNOWBOARD CONNECTION

Graphic Designer November 2006 - May 2008

- Engaging in marketing and newsletter campaigns to help expand company's online presence.
- Working progressively within a rigid pre-established framework to enact change.

> MONSTER BITES, LLC

Founder / Graphic Designer May 2006 - Present

- Designing a sushi review website for multiple large cities throughout the United States (www.sushimonsters.com).
- Creating content and feature articles on sushi restaurants.

> REDEFINE MEDIA, LLC

CEO / Editor-In-Chief May 2004 - Present

- Designing print and web (www.redefinemag.com) layouts and tackling basic PR duties.
- Maintaining a staff of reliable writers, artists, photographers, and other contributors.
- Attaining print distribution throughout North America.

> U OF WASHINGTON (O₂ MAGAZINE)

Graphic Designer May 2003 - Present

- Designing publication layouts and promotional flyers.
- Devising methods to meet publication deadlines while juggling multiple projects within Teen Futures.

> CONTRACT EMPLOYMENT

Volt Technical Resources April 2006 - April 2007

- Testing the Xbox 360 and logging Hardware and Software malfunctions, including hard locks, and audio/visual bugs.
- Engaging in an erratic and poor-paying position simply for the love of videogames.

City Of Kent

July 2006 - September 2006

- Working with customers on printing specifications and print design components.
- Bringing a welcome flair to boring City graphic designs that lack personality.

Engine Interactive

September 2005

- Designing and hand-coding a multiple-page website for Engine I's largest customer, Precor.
- Creating a dynamic site that is cross-checked to work across multiple browsers and platforms.
